“Top Gear” Host Rutledge Wood to Make Guest Appearance at EnerSys® Booth #1705 at The Battery Show

READING, Pa., (September 1, 2015) – EnerSys® (NYSE:ENS), the global leader in stored energy solutions for industrial applications, and the manufacturer of ODYSSEY® batteries, announced today that “Top Gear” television co-host Rutledge Wood will make a personal appearance at The Battery Show EnerSys exhibit #1705 on Tuesday, September 15 from 3:30 p.m. to 4:30 p.m. Wood, the official brand ambassador and celebrity spokesperson for ODYSSEY® batteries, will appear for an exclusive meet-and-greet and sign autographs. Attendees are invited to a hospitality event in the exhibit immediately following, from 4:30 p.m. to 6:30 p.m.

Rutledge Wood endorses ODYSSEY® batteries, using them in his personal vehicles, as well as in the many vehicles he uses in his television appearances. ODYSSEY® batteries are designed with an Absorbed Glass Mat (AGM) construction and Thin Plate Pure Lead (TPPL) technology for more engine-cranking power and reserve power than conventional batteries.

“Rutledge Wood is passionate about his vehicles and, as a broadcaster, he has earned the respect of the racing and automotive communities,” said Maria Orlando-Krick, marketing content and sponsorship manager at EnerSys. “We are pleased that he has chosen to represent ODYSSEY batteries as an ambassador and spokesperson, helping to expand our visibility

in the market.”

“ODYSSEY® batteries by EnerSys deliver outstanding performance, and I know I can count on an exceptional experience with them under the hood of the many vehicles I’ll be driving,” Wood said.

Connect with ODYSSEY® battery on [Instagram](#), [Twitter](#) and [Facebook](#). For more details including upcoming events and how to purchase ODYSSEY® batteries, visit www.odysseybattery.com.

In addition to its full line of ODYSSEY® batteries, EnerSys is exhibiting a full range of new and enhanced battery solutions for use in stationary, military, space, medical and motive power applications.

ABOUT ENERSYS®

EnerSys, the global leader in stored energy solutions for industrial applications, manufactures and distributes reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customers worldwide. Motive power batteries and chargers are utilized in electric forklift trucks and other commercial electric powered vehicles. Reserve power batteries are used in the telecommunication and utility industries, uninterruptible power supplies, and numerous applications requiring stored energy solutions including medical, aerospace and defense systems. Outdoor equipment enclosure products are utilized in the telecommunication, cable, utility, transportation industries and by government and defense customers. The company also provides aftermarket and customer support services to its customers from over 100 countries through its sales and manufacturing locations around the world.

ABOUT RUTLEDGE WOOD

Rutledge Wood is truly car-obsessed and has been since an early age. Born in Birmingham, Ala., he learned from his father the business of buying, restoring and selling new and old vehicles. Rutledge has owned over 55 cars and trucks ranging from a Volkswagen Rabbit pickup truck to Hondas, Chevys, a 1966 VW Double Cab, a 68 Dodge Charger that was Kyle Petty’s high school ride, a Buick Roadmaster Wagon, even an obscure 1975 Bricklin SV-1. But none hold as special of a place as the 1953 Plymouth Suburban Wagon given to him by The King himself, Richard Petty.
